Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for Ibapah Road Safety and Rehabilitation Project in fiscal year 2023.

The entity to receive funding for this project is Tooele County, located at 47 South Main, Tooele, UT 84074.

The funding will be used for improvements to the Ibapah Road.

This project is a good use of taxpayer dollars because Ibapah Road is the only paved north-south route that connects the Confederated Tribes of the Goshute Reservation with West Wendover, Nevada, and Wendover, Utah. At 60 miles away, these small cities are the closest location for goods, services, employment, and schools. Currently, the Ibapah Road has extremely poor pavement quality. The road was originally paved in 1975 and has had only minor repairs, such as patching and chip seals, since then. distress cracking, or fatigue cracking, on the pavement surface is predominant. This project will improve travel times and decrease crash rates in the project area, improve safety for road and active transportations users; and upgrade roadway elements to meet current design standards.

I certify that neither I nor my immediate family has any financial interest in the project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Stewart".
