Dear Chair DeFazio and Ranking Member Graves,

I am requesting funding for SR-7 Exit 5 Interchange, Southern Hills Bridge and Roadway Project in the surface transportation reauthorization legislation.

The sponsor for this project is City of St. George, and the project will be undertaken at State Road 7, 1 mile West of Exit 6 St. George, Utah 84790.

The funding is designated for this project to complete design and construction of the State Route 7 Exit 5 Interchange and Southern Hills Parkway connection from Banded Hills Dr to SR-7 including a bridge over the Fort Pearce Wash.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the community by enhancing transportation access in an area of Washington County that is experiencing significant growth. It will provide a crucial secondary access to the St. George Regional Airport and improve north-south mobility for tens of thousands of Washington County residents and visitors.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Chris Stewart  
Member of Congress
